PRESIDENTS PRESSINGS

Hi Everyone,

July already; with half of the club activities for the year behind us now.

It is pleasing to see so many members attending the club meetings this year as you have done throughout 2017. It makes the drive up from Busselton each month worthwhile when so many of you attend. With the large numbers attending club meetings and having to move into the meeting room for our supper there seems to be much more enthusiasm amongst the members. A few years ago we were all wondering if the club would be able to continue due to the lack of numbers attending meetings and social events. What is needed now is for more members to join in our social events, and continue to do so throughout the year.

So it is pleasing that a very good number will be attending the Bastille Day dinner on Saturday 14th July. Maybe a few photos will appear in the next newsletter courtesy of Brian Eyre.

Our next social event will be the Combined French Car and SIVA Clubs drive day to the Western Australian Motor Museum to be held on Sunday 19th August.

Details of this event are on our club website and also in this newsletter.

We meet in the car park at Deep Water Point on the Esplanade in Mount Pleasant from 9.00am on, for morning tea BYO or use the Café, before departing by 10.30am for a drive through the hills to the Museum. I hope the weather will be kind to us. Parking has been booked for us on the grassed area in front of the Museum and the covered area also booked for our use for lunch. A BBQ is available for our use and there is a Café at the Museum. I hope you can join in this event.

The French Car Festival committee is meeting again later this month for another meeting re planning the event. I am sure this will be a great day. I hope our members support this day as it is what we all wanted, a stand alone event as it used to be held. The date of the French Car Festival is Saturday 13th October. More information about the venue will be available after the Committee meeting and will be noted in the August Newsletter.

Neville Grimson with the help of club member Dennis Brosnan has been spending a lot of time preparing his 1968 404 sedan for registration, this is great to hear. I believe the 404 will be going over the pits in the coming weeks. Here's hoping another 404 will be on display at the French Car Festival.

Gordon Hort has completed the restoration on his 504 diesel Pick up. Gordon has had it registered without any problems recently and displayed it to the members at the July meeting. Gordon imported the 504 pickup from the United Kingdom several years ago. Another excellent restoration by Gordon.

Granville Nicholson will be going into hospital for a hip replacement operation on the 27th July. We wish Granville a speedy recovery. Granville would appreciate us giving him a call or if you have time arrange to pop in to see him for a chat during his recovery.

Until Next Month
Drive Safe & Enjoy It

Some photos of Gordon Hort's recently restored 504 diesel ute. Readers will note that it is the same ute that Gordon used to tour Europe some years ago. He imported it and has now carefully restored it. The pics show the original U.K. registration plates but now of course the plates on it are the same letters and numbers but West Australian plates.
