

McLernons/WATA Gloucester Park Car Market

Press Release

The Gloucester Park Car Market, a unique concept in private sales of motor vehicles, motorcycles and boats in Perth, is about to be introduced. This weekly event will be held every Sunday, and will be located in the grounds of Gloucester Park, Perth's home of trotting. It is a joint venture between the McLernon Group of Companies and the Western Australian Trotting Association.

Peter McLernon is Managing Director of the McLernon Group of Companies. Based in Western Australia, the Group is involved in manufacturing, wholesaling, retailing and auctioneering. Peter intends to make Gloucester Park Car Market an integral part of the Perth car sales industry and a weekly attraction for Perth's many automotive enthusiasts.

This is a unique opportunity for private sellers and buyers of cars, four wheel drives, light commercials, camper vans, motorcycles and boats to get together and browse in this centrally located and secure, neutral venue. The market will be open until 2pm, with sellers able to set up from 10am and buyers admitted from 11am. Sellers pay \$30.00 each for cars, \$20.00 each for motorcycles and \$50 each for boats, there are no additional fees or commissions charged and buyers are admitted free. The venue has capacity for up to four hundred vehicles and will have on-site catering and public toilet facilities.

Additionally, sellers will be able to include brief information and photographs of their vehicles in an on-line catalogue in the week leading up to each weekend's market. This will give prospective buyers the opportunity to preview forthcoming inclusions. Now available on www.perthcarfair.com.au

Up and Coming Events – Sunday 18th July, Gloucester Park Car Market presents –
